## **Multiple Labels**

By Charles Hoffman, CPA

This document walks you through using the languages feature of XBRL. This XBRL instance and XBRL taxonomy has labels in five different languages (demonstration only).

**STEP 1**: Start Pesseract, Open XBRL instance.

Open the Pesseract application and the main form is displayed and the "Home" tab of the menu ribbon is displayed. Select the "Get Started" icon, then the "General Profile, Five Different Languages (Prototype)" menu item;

## **STEP 2**: Open the XBRL instance. Select alternative labels.

Press the "Languages" icon on left hand side of the screen. The English language labels are displayed. Select the Spanish language. Note that Spanish labels are shown in the right pane which displays information.

NOTE: The labels for different languages are arbitrary labels that were created for demonstration purposes only. If you know these different languages, you will understand that these are not really the CORRECT labels for the concepts shown.
